Translated by Martyn CrucefixIn 55 sonnets Rainer Maria Rilke plays an astonishingset of philosophical and sensual variations on the Orpheus myth. 'Praising, that's it!' he declares; nature, art, love, time, childhood, technology, poverty, justice - all are encompassed in poems that spark with insightand invention, among the most joyful and light-footed that Rilke ever wrote.'All poetry resists translation, and one poem may have many different versions in another language; what I look for first is clarity, and this version supplies that generously. With the presence of the German text and Crucefix's helpful notes, the English-speaking reader with little or no German will find in this version a welcoming entrance to the path which leads eventually to a full understanding - if a full understanding of this mysterious poetry is ever possible. Crucefix's translation will have, and keep, a place on my shelves where all the poetry lives.'Philip Pullman

The official Demeter Cookbook presents over 200 recipes, developed and collected by Swiss chef Hermann Spindler, for sauces, soups, hors d'oeuvres, salads, main dishes, puddings and desserts. It also features special recipes for casseroles and gratins, vegetables, quark (curd cheese) dishes, grain dishes, doughs, savoury and sweet pastries, muesli and drinks - interspersed with informative commentary on the value of spices. Since its foundation by Rudolf Steiner in 1924, the international biodynamic agricultural movement has produced high-quality, 'premium organic' food that is increasingly sought after and respected for its flavour, quality and nutritional value. The Demeter brand certifies that the product concerned has been grown and processed using verified biodynamic methods. Hermann Spindler has been head chef at the Lukas Klinik for many years, where his kitchen has gained an outstanding reputation. Alongside food preparation methods that conserve nutritional value, imaginative presentation of dishes and freshly prepared meals, the special nature of the Lukas cuisine is based on the careful selection of Demeter foods, local sourcing where possible, and seasonal use of ingredients. A selection of Spindler's delicious lacto-vegetarian, wholefood recipes - based on the core principles of anthroposophic nutrition - are collected here in an easy-to-use presentation.
