Led Zeppelin IV, often called heavy metal's greatest album, kicks off an exciting new series that takes a fresh, in-depth look at some of the greatest works from the most influential artists of the rock era. Fans may know the songs, but wait until they hear the stories behind them! The music contained in Led Zeppelin IV is part of the soundtrack to a generation. Released in 1971, it rocks, stomps, glides, and shimmers as it covers all the bases the band had mastered: heavy blues, barroom rock and roll, mandolin-driven folk, epic Tolkien-infused mysticism, acoustic Americana, and more. Certified gold one week after its release, the album went to #2 on the U.S. charts and #1 in the U.K. It remained on U.S. charts for 259 weeks. There probably isn't an aspiring rock guitarist anywhere who hasn't plucked out the notes and chords to "Stairway to Heaven" or "Black Dog," and yet many music lovers are unaware of the intriguing backstory to this genre-defining work. To this day there is confusion about what is the actual title of the album. And what about those mysterious symbols? Barney Hoskyns pierces those veils and more as he tells the fascinating story of the evocative set that cemented Led Zeppelin's standing as the biggest, baddest, loudest band in the world—and that remains today the apex of their art.

One of these is not like that other--and that's great! This gently subversive picture book points out-- and celebrates!-- the differences between subjects. Barney Saltzberg's hilarious and delightfully direct text and simple illustrations introduce children to the concept and splendor of inclusiveness, through recognizing who or what's different on each spread and celebrating the unity as it is. For example, the reader sees three cows and an elephant accompanied by the text "One of these is not like the other," turn the page... and all four animals take part in an exuberant conga line and say "that's just fine with us"! In a series of similar examples children are encouraged to notice both the similarities and differences between characters and celebrate both. Barney Saltzberg's picture book is a pointed and timely tribute to the power of inclusivity and as well as a riotous read-aloud.

Whether you're planning a trip with kids or without, this indispensable guide shows you how to visit the land of Mickey Mouse without sacrificing luxury and style. Written by a true Disney expert, these pages are over-flowing with information on everything from the most luxurious accommodations and dining to the very best entertainment in and around the theme parks. You'll also find dozens of insider tips, such as the best places to steal a romantic moment away from the hustle and bustle of Main Street and the best places to view spectacular fireworks. Book jacket.

Looks at over 1,800 videos, DVDs, and software titles for children.

Lists more than one thousand of the best children's videos by category, as compiled by child development specialists, and includes information on children's television, video, and CD-ROM products

How did a disheveled, intellectually combative gay Jew with a thick accent become one of the most effective (and funniest) politicians of our time? Growing up in Bayonne, New Jersey, the fourteen-year-old Barney Frank made two vital discoveries about himself: he was attracted to government, and to men. He resolved to make a career out of the first attraction and to keep the second a secret. Now, fifty years later, his sexual orientation is widely accepted, while his belief in government is embattled. Frank: A Life in Politics from the Great Society to Same-Sex Marriage is one man's account of the country's transformation—and the tale of a truly momentous career. Many Americans recall Frank's lacerating wit, whether it was directed at the Clinton impeachment ("What did the president touch, and when did he touch it?") or the pro-life movement (some people believe "life begins at conception and ends at birth"). But the contours of his private and public lives are less well-known. For more than four decades, he was at the center of the struggle for personal freedom and economic fairness. From the battle over AIDS funding in the 1980s to the debates over "big government" during the Clinton years to the 2008 financial crisis, the congressman from Massachusetts played a key role. In 2010, he coauthored the most far-reaching and controversial Wall Street reform bill since the era of the Great Depression, and helped bring about the repeal of Don't Ask, Don't Tell. In this feisty and often moving memoir, Frank candidly discusses the satisfactions, fears, and grudges that come with elected office. He recalls the emotional toll of living in the closet and how his public crusade against homophobia conflicted with his private accommodation of it. He discusses his painful quarrels with allies; his friendships with public figures, from Tip O'Neill to Sonny Bono; and how he found love with his husband, Jim Ready, becoming the first sitting member of Congress to enter a same-sex marriage. He also demonstrates how he used his rhetorical skills to expose his opponents' hypocrisies and delusions. Through it all, he expertly analyzes the gifts a successful politician must bring to the job, and how even Congress can be made to work. Frank is the story of an extraordinary political life, an original argument for how to rebuild trust in government, and a guide to how political change really happens—composed by a master of the art.
