As today's market environment continues to change dramatically, more and more traders are discovering that traditional forecasting methods-pure technical analysis and fundamental analysis-just do not work. Sending out contradictory messages, these opposing schools of thought leave investors baffled about the future direction of the market, and consequently, at a loss as to how to tailor their trading systems. As a result, many practitioners have now turned to a new forecasting "cocktail" that combines traditional charting methodologies with chaos theory and human psychology. In this groundbreaking book, Bill Williams, a seasoned trader at the forefront of this dynamic new approach, explains exactly what it is, how it works in current stock and commodity markets, and how to use it to your advantage. Based on human nature rather than the vagaries of the market, the new trading dimension works on the premise that we trade not the market, but our own belief system. By assessing what your personal biases are, you can determine how they influence your ultimate success-or failure-and then adjust your trading strategies accordingly. Written by an expert in the field who has been featured in Futures, Worth, Success, and other prominent publications, New Trading Dimensions takes the latest in scientific knowledge about human behavior and applies it directly to the fields of stock and commodity investing and trading. With straightforward guidelines, it shows you how to adopt the right attitude toward the behavior of

Make Volatility and Risk Work for You with Forex Trading! "This book should be in every trader/investor's library. As we come out of this depressed market . . . this book can be your companion, helping you avoid mistakes and enhance your trading/investment program." "Bill M. Williams, author of Trading Chaos "Whether you're just getting started trading the world's most exciting financial market, or you're looking to add to your trading edge, [the authors] have written an engaging book packed with powerful techniques that you can use right now." "Rob Booker, trader, author, educator, and founder and host of TraderRadio.net The foreign exchange market is the largest trading market in the world, with average daily volume well into the trillions. Because the market is always characterized by high liquidity, forex traders benefit most from volatile markets—making it the ideal investment approach today and well into the future. Mastering the Currency Market is a comprehensive guide to currency and futures trading strategies and techniques for both highly volatile and nonvolatile markets. Putting to work their vast and highly diverse experience in forex trading, the authors explain how to take advantage of the many benefits of foreign exchange trading, including its low cost of entry afforded by margin, and the dynamic pricing by nature of the competitive marketplace. Mastering the Currency Market is divided into five sections covering: The basics of trading currencies Fundamental analysis of price valuation Technical analysis and trading charts Trading philosophy and psychological discipline Volatility and risk management With four decades of combined experience, the authors clearly communicate to you a trading method that will give you the confidence to both analyze markets and execute trades successfully,

regardless of underlying market conditions. As 2008 introduced nightmare scenarios for investors around the world, it was Al Gaskill's most productive period of his trading career. He used the same trading methods spelled out in this book. Apply the lessons inside and you'll see profits rise during periods of high market volatility, and when the market slows down, you can downshift to countertrending methods. It's a win-win investing method, and *Mastering the Currency Market* leads you through it every step of the way.

This fascinating book is loaded with practical information designed to help you in the commodity market. The author's method...proven by his million dollar success...does not involve complicated math or subjective evaluation. There are two completely systematic methods; %R and Momentum. The essence of these methods is that they tell you if the super powers are long or short; when the super powers expect a major move to start; what commodities are in true bull or bear markets; when to start buying and when to sell for gargantuan profits. This book is a must if you're a stock or commodity trader. It will expose to you an exciting new approach to trading and thinking—the same approach that has made Larry Williams a millionaire.

In praise of Charlie D. "Falloon's eloquent explication of the life of the legendary Charlie D delivers a good read while exposing that most under-publicized commodity of them all—a mega-trader with a low public profile whose superhuman trading abilities were exceeded by only one thing—the extended reach of his heart and soul." -Patrick H. It also captures the essence of the men and women of Chicago who, working in a unique environment, through their trading provide economic benefits around the world." -Thomas R. Donovan President and Chief Executive Officer Chicago Board of Trade "Charlie D was unique-a poker-faced, unemotional, swashbuckling trader every other trader seeks to emulate. At the same time, he was also a model of trading integrity and one of the most generous people I have ever known. Whether trading or gambling, vacationing with family or going with superstars, he did everything with a special flair and spirit. Charlie was truly larger than life." -Thomas DeMark Author of The New Science of Technical Analysis and New Market Timing Techniques "Falloon captures the essence of the Charlie D I knew and rekindles my memories of a larger-than-life individual-how he laughed in the face of cancer, his generosity, and his sense of humor." -Mike Manning Rand Financial Services, Inc. "Charlie D was the most dynamic trader I've ever seen in my nineteen years in this business, and, beyond that, the best human being I've known." -Tom Fitzgerald TPF Trading

A Financial Times and Economist Best Book of the Year exploring world trade from Mesopotamia in 3,000 BC to modern globalization. How did trade evolve to the point where we don't think twice about biting into an apple from the other side of the world? In A Splendid Exchange, William J. Bernstein, bestselling author of The Birth of Plenty, traces the story of global commerce from its prehistoric origins to the myriad controversies surrounding it today. Journey from ancient sailing ships carrying silk from China to Rome in the second century to the rise and fall of the Portuguese monopoly on spices in the sixteenth; from the American trade battles of the early twentieth century to the modern era of televisions from Taiwan,

lettuce from Mexico, and T-shirts from China. Bernstein conveys trade and globalization not in political terms, but rather as an ever-evolving historical constant, like war or religion, that will continue to foster the growth of intellectual capital, shrink the world, and propel the trajectory of the human species. "[An] entertaining and greatly enlightening book." "The New York Times" "A work of which Adam Smith and Max Weber would have approved." "Foreign Affairs" "[Weaves] skillfully between rollicking adventures and scholarship." "Pietra Rivoli, author of The Travels of a T-Shirt in the Global Economy

"The way that Big Money got to be Big Money was by also being the 'Smart Money', and so it is worth paying attention to how the Big Money traders behave. That's the essence of what Larry Williams has to teach us in this book. And it's not just what the Smart Money says or thinks, but how they behave in terms of their trading that we should pay attention to. Larry shows us how to listen to that message." "Tom McClellan, Editor of The McClellan Market Report "Finally, an insider's take on what really goes on behind the scenes in commodity trading. Larry writes his view of trading, as only he knows it, from his twenty-five years of experience." "James Altucher, author of Trade Like a Hedge Fund Successful trader Larry Williams reveals industry secrets that help investors and traders successfully invest and trade side-by-side with the largest commercial interests in the world. You'll be introduced to the COT (Commitment of Traders) report, the best resource for achieving trading success, learn exactly what the information it contains means, and plan for maximizing profits by acting on reported actions.
