Writing a discussion paper in nursing could be termed as tedious as saving the earth from repeated alien attack. Or let's call it just New York. The reason why students seek nursing discussion paper assignment help is due to its definition. It refers to the analysis of an article or a case study on the basis of some practices, ethics and what ...

Corporate governance in financial institutions has come under the spotlight since the banking crisis in the UK in 2008-9. In many respects, the banking business raises unique problems for corporate governance that are not found in other corporate sectors

The volume is a collection of articles based on presentations given at a conference titled "The Crisis Management Directive – Europe's Answer for Too Big to Fail?" hosted by the Institute for Law and Finance on May 3, 2012.

The Sociology Writer's Guide is designed to help sociology students at any level complete their writing assignments, and strengthen their research and bibliographic skills. Covers every kind of writing assignment a sociology student is likely to encounter: term papers, research papers, essays, compare/contrast papers, quantitative and qualitative research articles, text analysis papers, book reviews, abstracts, and essay exams. Teaches a practical, step-by-step approach to writing, from selecting a topic to submitting finished work. Uses Tips, Notes, and Reminders to highlight key points. Includes a complete list of examples for handling quotes and paraphrases, and for using citations and references in current sociological documentation style. Features a full discussion of bias-free language that covers race/ethnicity, social class, age, disability, religion, family status, and sexual orientation. The author is a sociology instructor, writer, and editor who has taught a writing for sociology class for over 12 years.

This book guides medical researchers through all stages of transforming their scientific data and ideas into a published paper. Many researchers in medicine, including the life sciences and health sciences, struggle to get their research written and published. Manuscripts are typically rejected and/or sent back for revisions several times before ever being published. One reason for this is that researchers have not received much instruction in the specific subjects and skills needed to write and publish scientific medical papers: research methodology, ethics, statistics, data visualization, writing, revising, and the practicalities of publishing. Instead of wasting the reader's time discussing trivialities of punctuation, spelling, etc., this book tackles all the major scientific issues that routinely lead to manuscripts getting rejected from the journals. The section "Preparing" covers the range of methodological, ethical, and practical aspects that researchers need to address before starting to write their paper. The section "Analyzing" reviews commonplace problems in the statistical analysis and presentation, and how to resolve those problems. The section "Drafting" describes what to write in all the various parts of a paper (the Introduction, Methods, Results, Discussion, Abstract, etc.) The section "Revising" explains and illustrates how to improve the writing style of any manuscript. The section "Publishing" discusses how to navigate the peer review process and all other practical aspects of the publishing phase. This book draws on the author's decade of experience as an independent medical writer and research consultant, but it is not written merely as the personal opinion of yet another expert. The entire book is grounded in the existing scientific and scholarly literature, with extensive references and a lengthy annotated bibliography, so readers can quickly obtain more information on any aspect they want. Thus this book provides a more evidence-based, scholarly account of how medical scientific papers should be written, in order to improve medical communication and accelerate scientific progress. After reading this entire book cover to cover, medical researchers will know how to write better quality medical papers, and they will be able to publish their work in better journals with less time and struggle. This book is essential reading for anyone conducting research in clinical medicine, life sciences, or health sciences.

International GAAP 2020 is a comprehensive guide to interpreting and implementing International Financial Reporting Standards (IFRS), setting IFRS in a relevant business context, and providing insights into how complex practical issues should be resolved in the real world of global financial reporting. This book is an essential tool for anyone applying, auditing, interpreting, regulating, studying, or teaching IFRS. Written by financial reporting professionals from around the world, this guide to reporting under IFRS provides a global perspective, clearly explaining complex technical accounting issues and setting IFRS in a practical context. Numerous worked examples and hundreds of illustrations from the published financial reports of major listed companies from around the world are included. The 2020 edition has been fully revised and updated with information on the latest IFRS changes and current issues.

International GAAP® 2019 is a comprehensive guide to interpreting and implementing International Financial Reporting Standards (IFRS), setting IFRS in a relevant business context and providing insights into how complex practical issues should be resolved in the real world of global financial reporting. This book is an essential tool for anyone applying, auditing, interpreting, regulating, studying or teaching IFRS. Written by EY's financial reporting professionals from around the world, this three-volume guide to reporting under IFRS provides a global perspective on the application of IFRS. Complex technical accounting issues are explained clearly and IFRS is set in a practical context with numerous worked examples and hundreds of illustrations from the published financial reports of major listed companies from around the world. The 2019 edition of International GAAP® has been fully revised and updated in order to: • Continue to investigate the many implementation issues arising as entities adopt IFRS 9 (Financial Instruments) and IFRS 15 (Revenue from Contracts with Customers) • Explore the complex implementation issues arising as entities adopt, in 2019, IFRS 16 (Leases). • Include an updated chapter on the new insurance contracts standard IFRS 17 (Insurance Contracts), which reflects the recent discussions of the IASB's Transition Resource Group on implementation issues raised, proposed narrow-scope amendments to IFRS 17 intended by the IASB, and also explores other matters arising as users prepare for the adoption of this standard. • Include an amended chapter on the revised Conceptual Framework, which was published in March 2018. The changes to the Conceptual Framework may affect the application of IFRS in situations where no standard applies to a particular transaction or event. • Address amended standards and new interpretations issued since the preparation of the 2018 edition. • Explain the many other initiatives that are currently being discussed by the IASB and by the IFRS Interpretations Committee and the potential consequential changes to accounting requirements. • Provide insight on the many issues relating to the practical application of IFRS, based on the extensive experience of the book's authors in dealing with current issues.

Global edition 16 International GAAP® 2021 International GAAP® 2021 is a detailed guide to interpreting and implementing International Financial Reporting Standards (IFRS). By setting IFRS in a relevant business context, it provides insights on how complex practical issues should be resolved in the real world of global financial reporting. This book is an essential tool for anyone applying, auditing, interpreting, regulating, studying or teaching IFRS. Written by EY financial reporting professionals from around the world, this three-volume guide to reporting under IFRS provides a global perspective on the application of IFRS. The book explains complex technical accounting issues clearly by setting IFRS in a practical context with numerous worked examples and hundreds of illustrations from the published financial reports of major listed companies from around the world. The 2021 edition of International GAAP® has been fully revised and updated in order to: Provide expanded discussion and practical illustrations on the many implementation issues arising as entities continue to apply IFRS 16 (Leases), including those related to recent rent concessions and the associated narrow scope amendment issued by the International Accounting Standards Board (IASB). Include an updated chapter on the new insurance contracts standard IFRS 17 (Insurance Contracts), which reflects the IASB's recently issued Amendments to IFRS 17, resulting in a number of significant changes as well as many other editorial alterations. The chapter also discusses implementation issues and explores other matters arising as insurers prepare for the adoption of the standard. Continue to investigate the many application issues arising as entities apply IFRS 9 (Financial Instruments) and IFRS 15 (Revenue from Contracts with Customers). Discuss the IASB's amendments to IFRS 9 and related standards to address the effects of the Interbank Offered Rates (IBOR) reform on financial reporting. Illustrate the application of IFRS to the accounting for natural disasters highlighted by the accounting issues related to the recent coronavirus pandemic. Discuss the new agenda decisions issued by the IFRS Interpretations Committee since the preparation of the 2020 edition. Address the amendments to standards and the many other initiatives that are currently being discussed by the IASB and the potential consequential changes to accounting requirements. Provide further insight on the many issues relating to the practical application of IFRS, based on the extensive experience of the book's authors in dealing with current issues. EY | Assurance | Tax | Strategy and Transactions | Consulting About EY EY is a global leader in assurance, tax, strategy, transaction and consulting services. The insights and quality services we deliver help build trust and confidence in the capital markets and in economies the world over. EY refers to the global organization, and may refer to one or more of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients. Information about how EY collects and uses personal data and a description of the rights individuals have under data protection legislation are available via ey.com/privacy. For more information about our organization, please visit ey.com.

This handbook analyses the European Banking Union legal framework focusing on legislative acts (regulations and directives), case law and the resolution procedures. In addition, it will pay attention to the division of responsibilities between the ECB and the national authorities, with special attention to the Single Supervisory Mechanism (SSM) and the Single Resolution Mechanism (SRM). To give a more complete picture, the book will also cover the implementation of European Deposit Insurance Scheme (so called third pillar) still under construction, and appeal to academics, researchers and students of banking and financial law.

At no time in Northern Ireland's history did so many significant political initiatives occur as between 1972 and 1975, the most violent and polarised years of the region's conflict. Using archival sources, this book analyses the political events and processes that informed the British government's Northern Ireland policy at the time, the complex interactions between Northern Ireland political parties, and the importance of the British-Irish diplomatic relationship to the search for a solution to the Northern Ireland conflict. Focusing on the rise and fall of the power-sharing Executive and the Sunningdale Agreement, the book challenges a number of persistent myths, including those concerning the role of the Irish government in the Northern Ireland conflict. It contests the notion that the years 1972 to 1975 represent a 'lost peace process', but demonstrates that the policies established during this period provided the template for Northern Ireland's current, ongoing peace settlement.
