Hades, to those living within Greek culture (as the early Messiah followers were), was the god of the dead and the underworld, and the place of the dead was named after him.

A New York Times bestselling historian of early Christianity takes on two of the most gripping questions of human existence: where did the ideas of heaven and hell come from and why do they endure?

What happens when we die? A recent Pew Research poll showed that 72% of Americans believe in a literal heaven and 58% believe in a literal hell. Most people who hold these beliefs are Christian and assume they are the age-old teachings of the Bible. But eternal rewards and punishments are found nowhere in the Old Testament and are not what Jesus or his disciples taught. So where did these ideas come from? In this “eloquent understanding of how death is viewed through many spiritual traditions” (Publishers Weekly, starred review), Bart Ehrman recounts the long history of the afterlife, ranging from The Epic of Gilgamesh up to the writings of Augustine, focusing especially on the teachings of Jesus and his early followers. He discusses ancient guided tours of heaven and hell, in which a living person observes the sublime blessings of heaven for those who are saved and the horrifying torments of hell for those who are damned. Some of these accounts take the form of near death experiences, the oldest on record, with intriguing similarities to those reported today. One of Ehrman’s startling conclusions is that there never was a single Greek, Jewish, or Christian understanding of the afterlife, but numerous competing views. Moreover, these views did not come from nowhere; they were intimately connected with the social, cultural, and historical worlds out of which they emerged. Only later, in the early Christian centuries, did they develop into notions of eternal bliss or damnation widely accepted today. In this “elegant history” (The New Yorker), Ehrman helps us reflect on where our ideas of the afterlife come from. With his “richly layered-narrative” (The Boston Globe) he assures us that even if there may be something to

hope for when we die, there certainly is nothing to fear.

At the request of the editor of the North American Review, the author of this book prepared an argument in defense of the doctrine of Endless Punishment, which was published in the number of that periodical for February, 1885. It was agreed that the writer should have the right to republish it at a future time. Only the rational argument was presented in the article. The author now reproduces it, adding the biblical argument, and a brief historical sketch. Every doctrine has its day to be attacked, and defended. Just now, that of Eternal Retribution is strenuously combated, not only outside of the church, but to some extent within it. Whoever preaches it is said, by some, not "to preach to the times" -- as if the sin of this time were privileged, and stood in a different relation to the law and judgment of God, from that of other times. Neither the Christian ministry, nor the Christian church, are responsible for the doctrine of Eternal Perdition. It is given in charge to the ministry, and to the church, by the Lord Christ himself, in his last commission, as a truth to be preached to every creature. Speaking generally, those who believe that there is a hell, and intelligently fear it, as they are commanded to do by Christ himself, will escape it; and those who deny that there is a hell, and ridicule it, will fall into it. Hence the minister of Christ must be as plain as Christ, as solemn as Christ, and as tender as Christ, in the announcement of this fearful truth. - Preface.

GOD! What happens to our Soul, the second after our death? I have seen many books written, with that same theme, but none of them was given a satisfactory answer, on this intriguing question! Some books based on personal experiences, others on superficial studies, not giving the reader the final answer or the sense of having learned the solution to such a question! This book was written based on the texts of the biblical scriptures, where we study the original meaning of the Hebrew word Sheol, and the Greek word Hades, which were most of the time erroneously translated by Hell or Grave. But actually meaning "Dwelling of the Souls of the Dead"! And in unraveling those meanings, and comparing them with the context in which was originally written, inspired by God, one arrives at the conclusion and solution to several unanswered questions in the Bible, and fundamental to the understanding of the Christian doctrine, and of its relationship with our Lord and Savior Jesus Christ! The reader will discover a part never studied in the scriptures, but unveiled, because God made us known! It's worthy of read and learn! Follow me in this discovery of "The Underworld"! The Author: Wagner Bariani Santiago.

Nothing is more important than what a person believes about Jesus Christ. To understand Christ correctly is to understand the very heart of God, Scripture, and the gospel. To get to the core of this belief, this latest volume in the Foundations of Evangelical Theology series lays out a systematic summary of Christology from philosophical, biblical, and historical perspectives—concluding that Jesus Christ is God the Son incarnate, both fully divine and

fully human. Readers will learn to better know, love, trust, and obey Christ—unashamed to proclaim him as the only Lord and Savior. Part of the Foundations of Evangelical Theology series.

Philip S. Johnston examines Israelite views on death and afterlife as reflected in the Hebrew Bible and in material remains, and sets them in their cultural, literary and theological contexts.

The descent of Jesus Christ to the dead has been a fundamental tenet of the Christian faith, as indicated by its inclusion in both the Apostles' and Athanasian Creeds. But it has also been the subject of suspicion and scrutiny, especially from evangelicals. Led by the mystery and wonder of Holy Saturday, Matthew Emerson offers an exploration of the biblical, historical, theological, and practical implications of the descent.
