Drawing on works from Britain, *Lies that Tell the Truth* compellingly shows how magic realist fiction can be produced also at what is usually considered to be the cultural centre without forfeiting the mode's postcolonial attitude and aims. A close analysis of works by Angela Carter, Salman Rushdie, Jeanette Winterson, Robert Nye and others reveals how the techniques of magic realism generate a complex critique of the West's rational-empirical worldview from within a Western context itself.

Bipolar II. In *I'm Telling the Truth, But I'm Lying*, Bassey Ikpi breaks open our understanding of mental health by giving us intimate access to her own. Exploring shame, confusion, medication, and family in the process, Bassey looks at how mental health impacts every aspect of our lives—how we appear to others, and more importantly to ourselves—and challenges our preconception about what it means to be "normal." Viscerally raw and honest, the result is an exploration of the stories we tell ourselves to make sense of who we are—and the ways, as honest as we try to be, each of these stories can also be a lie.

Getting someone to tell the truth is an essential skill that very few people possess. In the boardroom, classroom, or our own homes, every day we interact with others and try to get the truth from them. People are often untruthful out of fear of negative consequences associated with divulging information. But if a person is made to forget the long-term outcomes of lying, he or she can be influenced to disclose sensitive information that's being withheld. The aim is to encourage the person to remain in short-term thinking mode, shifting focus away from the long-term ramifications of telling the truth. As former CIA

As it was in *Anna Karenina*, *Madame Bovary*, and *Othello*, so it is in life. Most forms of private vice and public evil are kindled and sustained by lies. Acts of adultery and other personal betrayals, financial fraud, government corruption—even murder and genocide—generally require an additional moral defect: a willingness to lie. In *Lying*, best-selling author and neuroscientist Sam Harris argues that we can radically simplify our lives and improve society by merely telling

the truth in situations where others often lie. He focuses on "white" lies—those lies we tell for the purpose of sparing people discomfort—for these are the lies that most often tempt us. And they tend to be the only lies that good people tell while imagining that they are being good in the process.

This book is about metaphor-what it is, what it does. Putting aside overly technical definitions, the author proposes one intended for the general reader: A metaphor is a lie that tells the truth. (An example: "Uncle Pat is a hog." A literal lie, anyone who observes Uncle Pat forking it in will agree that this "lie" is also true.) Drawn from such diverse arenas as literature, sports, education,

oratory, religion and philosophy-even the stock market-the book presents more than two hundred metaphors that demonstrate that no society anywhere on earth does (or did) not have metaphors. Convincingly, the author shows that this incredibly wide use of metaphor depends on its startling, colorful language that is easy to understand and easy to remember. The heart of the book is a collection of metaphors that offer an alternative to description of things spiritual in abstract language. By contrast, the author maintains, metaphor throws light on the spiritual world, even into its most shadowed corners.
