LG Large-capacity Dryers: At 7.1 cubic feet (large) and 7.4 cubic feet (ultra-large), LG large-capacity dryers let you dry more clothes in fewer loads. NeveRust™ Stainless Steel Drum: Available on select laundry dryers, this stainless steel drum will dry your clothes efficiently – without accumulating rust with age.

Leading travel expert and USA Today columnist Christopher Elliott shares the smartest ways to travel in this tip-filled guide from National Geographic. Drawing on more than 20 years of experience as a consumer travel advocate, Elliott gives you the inside scoop on how to navigate the often perplexing world of travel, with detailed advice on: • Airlines • car rentals • cruises • hotels and alternative lodging • the TSA and security • staying connected • review websites • resolving complaints • vacation rentals • passports and visas • and much more Full of recommendations, real-life case histories, and the answers to the most common—and confounding—questions, this book is a must-read for anyone traveling anywhere.

This book focuses on the two-phase flow problems relevant in the automotive and power generation sectors. It includes fundamental studies on liquid–gas two-phase interactions, nucleate and film boiling, condensation, cavitation, suspension flows as well as the latest developments in the field of two-phase problems pertaining to power generation systems. It also discusses the latest analytical, numerical and experimental techniques for investigating the role of two-phase flows in performance analysis of devices like combustion engines, gas turbines, nuclear reactors and fuel cells. The wide scope of applications of this topic makes this book of interest to researchers and professionals alike.

Remodelista.com is the go-to, undisputed authority for home design enthusiasts, remodelers, architects, and designers. Unlike sites that cater to all tastes, Remodelista has a singular and clearly defined aesthetic: classic pieces trump designs that are trendy and transient, and well-edited spaces take precedence over cluttered environments. High and low mix seamlessly here, and getting the look need not be expensive (think Design Within Reach meets Ikea). Remodelista decodes the secrets to achieving this aesthetic, with in-depth tours and lessons from 12 enviable homes; a recipe-like breakdown of the hardest-working kitchens and baths; dozens of do-it-yourself projects; “The Remodelista 100,” a guide to the best everyday household objects; and an in-depth look at the ins and outs of the remodeling process. In a world

of design confusion, Remodelista takes the guesswork out of the process.

This book tells the story of the ' world of crime ' in S ã o Paulo. In so doing, it presents a new framework to understand urban conflict in many other contexts.

Composite materials are used as substitutions of metals/traditional materials in aerospace, automotive, civil, mechanical and other industries. The present book collects the current knowledge and recent developments in the characterization and application of composite materials. To this purpose the volume describes the outstanding properties of this class of advanced material which recommend it for various industrial applications.

This valuable, practical guide is your answer to provide your family with a life free from harsh everyday chemicals. With Natural Solutions for Cleaning & Wellness and a few ingredients from your kitchen, you can clean your home and treat minor ailments, naturally! Halle Cottis shows you how to use all-natural concoctions to transform your house into a toxic-free home. She details how common kitchen ingredients can be used as natural solutions to save time and money, both in the home – with Kitchen Disinfectant Cleaner, Dry & Liquid Laundry Detergent or Pest Control – and for your health, whether you are dealing with Headaches & Migraines, Skin or Digestive System issues. This book will have 100 recipes for remedies and cleaners.

In thirty-six thrilling days, Melanie Radzicki McManus hiked 1,100 miles around Wisconsin, landing her in the elite group of Ice Age Trail thru-hikers known as the Thousand-Milers. In prose that ' s alternately harrowing and humorous, Thousand-Miler takes you with her through Wisconsin ' s forests, prairies, wetlands, and farms, past the geologic wonders carved by long-ago glaciers, and into the neighborhood bars and gathering places of far-flung small towns. Follow along as she worries about wildlife encounters, wonders if her injured feet will ever recover, and searches for an elusive fellow hiker known as Papa Bear. Woven throughout her account are details of the history of the still-developing Ice Age Trail—one of just eleven National Scenic Trails—and helpful insight and strategies for undertaking a successful thru-hike. In addition to chronicling McManus ' s hike, Thousand-Miler also includes the little-told story of the Ice Age Trail ' s first-ever thru-hiker Jim Staudacher, an account of the record-breaking thru-run of ultrarunner Jason Dorgan, the experiences of a young combat veteran who embarked on her thru-hike as a way to ease back into civilian life, and other fascinating tales from the trail. Their collective experiences shed light on the motivations of thru-hikers and the different ways hikers accomplish this impressive feat, providing an entertaining and informative read for outdoors enthusiasts of all levels.
