Me by Ricky Martin was a great book, a good book about his personal growth as a person. This was not a gossip book, a tell-all about his sexual exploits, or celebrity magazine. I know some did not like this book because it failed in not telling enough about himself. I think they wanted more of the above. This was about Ricky, the real Ricky.

He went from being laughed off American Idol to performing live with Ricky Martin. Imagine mustering the courage to try out for a reality TV show only to bomb the audition in front of millions of viewers. That level of nationwide humiliation would be enough to make even the most confident among us admit defeat. This story is proof that dreams can come true. Although American Idol hopeful William Hung with his off-key rendition of Ricky Martin's "She Bangs" never did make it to Hollywood, he overcame the odds to define his own version of success. In this refreshingly upbeat memoir, William offers "Three Cs" to live by: Communication: Be genuine (authenticity goes farther than being phony—even in show business!) Context: Take responsibility for outcomes, especially those you can't control. And protect your time by saying "no" and setting boundaries. Connection: Build meaningful relationships that will enhance your business and your life. For anyone who's been booted off the stage of life, William will inspire you to tap into your true potential, turn negativity into something amazing, and reach for the stars.

From the streets of Baltimore to the halls of the New Mexico Philharmonic, a musician shares his remarkable story in I'm Possible, an inspiring memoir of perseverance and possibility. Growing up, Richard Antoine White and his mother didn't have a key to a room or a house. Sometimes they had shelter, but they never had a place to call home. Still, they always had each other, and from a young age, Richard believed he could look after his mother, even as she struggled with alcoholism and would frequently disappear, sending Richard into loops of visiting familiar spots until he found her again. And he always did—until one night, when he almost dies searching for her in the snow, and is taken in by his adoptive grandparents. Living with his grandparents is an adjustment with rules and routines, but when Richard joins band for something to do, he unexpectedly discovers a talent and a sense of purpose. Taking up the tuba feels like something he can do that belongs to him, and playing music is like a light going on in the dark. Soon Richard gains acceptance to the prestigious Baltimore School for the Arts, and continues thriving in his musical studies as he navigates racial and socioeconomic disparities as one of few Black students in his programs. With fierce determination, Richard pushes forward on his remarkable path, eventually securing a coveted spot in a symphony orchestra and becoming the first African American to earn a doctorate in music for tuba performance. A professor and mentor, Richard now shares his extraordinary story—of dreaming big, impossible dreams and making them come true.

A remarkable memoir by one of the most popular and beloved entertainers of the twentieth century When in the mid-1950s Andy Williams reached a low point in his career, singing in dives to ever-smaller audiences, the young man from Wall Lake, Iowa, had no inkling of the success he would one day achieve. Before being declared a national treasure by President Ronald Reagan, Williams would chart eighteen gold and three platinum albums, headline at Caesars Palace in Las Vegas for more than twenty years, and host an enormously popular weekly television variety show whose Christmas specials still occupy a tender spot in every baby boomer's heart. Williams knew everybody who was anybody during his seven remarkable decades in show business (including Judy Garland, John Huston, Jack Lemmon, John Lennon, Elton John, Frank Sinatra, Elvis, and Barbra Streisand, among others) and was a close friend of Bobby Kennedy for many years, and he shares memories of them all in Moon River and Me. His millions of fans guarantee a huge audience for the autobiography of the plush baritone who— at the age of eighty-one—still draws thousands of fans to his Moon River Theater in Branson, Missouri.

Autobiography of Anne Murray: tells of the Canadian singer's life from her origins in a coal mining town in Nova Scotia to her arrival on the world stage.

From top CNN anchor and special correspondent Soledad O'Brien comes a highly personal look at her biggest reporting moments from Hurricane Katrina, the tsunami in Southeast Asia, the devastating Haiti earthquake, and to the historic 2008 U.S. elections and high profile interviews with everyday Americans. Drawing on her own unique background as well as her experiences at the front lines of the most provocative issues in today's society, and from her work on the acclaimed documentaries Black in America and Latino in America, O'Brien offers her candid, clear-eyed take on where we are as a country and where we're going. What emerges is both an inspiring message of hope and a glimpse into the heart and soul of one of America's most straight-talking reporters.
