For anyone who loves sailing and adventure, Arthur Ransome ' s classic Swallows and Amazons series stands alone. Originally published in the UK over a half century ago, these books are still eagerly read by children, despite their length and their decidedly British protagonists. We attribute their success to two facts: first, Ransome is a great storyteller and, second, he clearly writes from first-hand experience. Independence and initiative are qualities any child can understand

and every volume in this collection celebrates these virtues. The crew ' s on holiday for their sixth adventure, and they turn their energies to mining for gold, aided by pigeon messengers Homer, Sophocles, and Sappho. The adventurers comb the nearby hills for a fabled lost claim, while being shadowed by a mysterious figure they dub " squashy hat. " Undeterred by drought, sudden brushfires, and the continuing presence of Squashy Hat, the young prospectors persevere in their quest — with surprising results. Full of the dangers and dark adventures of old mines and forgotten claims, Pigeon Post has an irresistible appeal to the persistent explorer in every child.

All parents want their child to be happy and successful at school, but few decisions are harder than identifying the right school for your child. The Independent Schools Guide, now in its 17th edition, provides all the guidance and advice needed to make the most informed decisions. The book includes an extsensive reference section for over 2,000 schools; details on fee planning, scholarships and bursaries; guidance for overseas parents, including language support and guardianship; and detailed profiles of over 200 schools and colleges. For any parent, guardian or carer who is considering the independent sector, the Guide is the definitive reference source.

Every parent wants their child to flourish throughout their education but few decisions are more difficult than choosing the right school. The Independent Schools Guide from Gabbitas Education has been informing parents in their independent school choices since 1924. Included in this most authoritative and extensive guide to UK independent schools: Choosing a school (day, boarding, prep and senior) School fees planning Coming from overseas Independent school inspections (ISI and Ofsted) Extensive directory of UK independent schools Detailed school profiles Sixth form choices, including tutorial colleges, and beyond To see schools online, visit the guide's website at www.independentschoolsguide.com

Wall Street Journal bestseller " A welcome revelation. " --The Financial Times Award-winning Wharton Professor and Choiceology podcast host Katy Milkman has devoted her career to the study of behavior change. In this ground-breaking book, Milkman reveals a proven path that can take you from where you are to where you want to be, with a foreword from psychologist Angela Duckworth, the best-selling author of Grit. Change comes most readily when you

understand what's standing between you and success and tailor your solution to that roadblock. If you want to work out more but find exercise difficult and boring, downloading a goal-setting app probably won't help. But what if, instead, you transformed your workouts so they became a source of pleasure instead of a chore? Turning an uphill battle into a downhill one is the key to success. Drawing on Milkman's original research and the work of her world-renowned scientific collaborators, How to Change shares strategic methods for identifying and overcoming common barriers to change, such as impulsivity, procrastination, and forgetfulness. Through case studies and engaging stories, you ' ll learn: • Why timing can be everything when it comes to making a change • How to turn temptation and inertia into assets • That giving advice, even if it's about something you're struggling with, can help you achieve more Whether you're a manager, coach, or teacher aiming to help others change for the better or are struggling to kick-start change yourself, How to Change offers an invaluable, science-based blueprint for achieving your goals, once and for all.

Written specifically for education studies students, this accessible text offers a clear introduction to education policy. It aims to help the reader understand what is meant by educational policy, how policy can be made and the main discourses that have driven education. Capturing the essential aspects of educational policy over the last thirty years, the book provides an overview of political themes in education demonstrating how education policy has progressed and the effect this and politics have had on schools. It then covers key themes such as performance, choice and professionalism to show how education policy is constructed and implemented and how this has impacted on education in practice. Features include: • activities that can be undertaken individually or as a group to promote discussion • annotated further reading lists; • chapter overviews and summaries Written as part of the Foundations in Education Studies series, this timely textbook is essential reading for students coming to the study of education policy for the first time.
