The International Research Center for Japanese Studies (国際日本文化研究センター, Kokusai Nihon Bunka Kenky Sent), or Nichibunken (日文化研), is an inter-university research institute in Kyoto.

"Some of the essays provide a general introduction to the basic theories of Japanese aesthetics, others deal with poetry and theater, and a third group discusses cultural phenomena directly related to classic Japanese literature.

The Routledge Handbook of Japanese Culture and Society is an interdisciplinary resource that focuses on contemporary Japan and the social and cultural trends that are important at the beginning of the twenty-first century. This Handbook provides a cutting-edge and comprehensive survey of significant phenomena, institutions, and directions in Japan today, on issues ranging from gender and family, the environment, race and ethnicity, and urban life, to popular culture and electronic media. Written by an international team of Japan experts, the chapters included in the volume form an accessible and fascinating insight into Japanese culture and society. As such, the Handbook will be an invaluable reference tool for anyone interested in all things Japanese. Students, teachers and professionals alike will benefit from the broad ranging discussions, useful links to online resources and suggested reading lists. The Handbook will be of interest across a wide range of disciplines including Japanese Studies, Cultural Studies, Anthropology, Sociology and Asian Studies in general.

Over the last 70 years, Japanese Studies scholarship has gone through several dominant paradigms, from ' demystifying the Japanese ' , to analysis of Japanese economic strength, to discussion of global interest in Japanese popular culture. This book assesses this literature, considering future directions for research into the 2020s and beyond. Shifting the geographical emphasis of Japanese Studies away from the West to the Asia-Pacific region, this book identifies topic areas in which research focusing on Japan will play an important role in global debates in the coming years. This includes the evolution of area studies, coping with aging populations, the various patterns of migration and environmental breakdown. With chapters from an international team of contributors, including significant representation from the Asia-Pacific region, this book enacts Yoshio Sugimoto ' s notion of ' cosmopolitan methodology ' to discuss Japan in an interdisciplinary and transnational context and provides overviews of how Japanese Studies is evolving in other Asian countries such as China and Indonesia. *New Frontiers in Japanese Studies* is a thought-provoking volume and will be of great interest to students and scholars of Japanese and Asian Studies.

Includes section "Reviews".

This Companion is a comprehensive examination of the varied ways in which gender issues manifest throughout culture in Japan, using a range of international perspectives to examine private and public constructions of identity, as well as gender- and sexuality-inflected cultural production. The Routledge Companion to Gender and Japanese Culture features both new work and updated accounts of classic scholarship, providing a go-to reference work for contemporary scholarship on gender in Japanese culture. The volume is interdisciplinary in scope, with chapters drawing from a range of perspectives, fields, and disciplines, including anthropology, art history, history, law, linguistics, literature, media and cultural studies, politics, and sociology. This reflects the fundamentally interdisciplinary nature of the dual focal points of this volume—gender and culture—and the ways in which these themes infuse a range of disciplines and subfields. In this volume, Jennifer Coates, Lucy Fraser, and Mark Pendleton have brought together an essential guide to experiences of gender in Japanese culture today—perfect for students, scholars, and anyone else interested in Japan, culture, gender studies, and beyond.

As Japan enters the 21st century with a new emperor, this title continues to be an indispensable guide through often enigmatic and historical idiosyncrasies of Japanese culture and politics that are often confusing to the outsider. This title includes information on the latest social developments, customs, rituals, business culture, medicine and arts.
