Book One in the bestselling Iron Horse MC series Before I met Smoke I'd never been kissed, really kissed, by a man, let alone a biker sex god bent on taking my virginity and my heart. I got dragged into the deadly world of the Iron Horse MC by my crazy twin sister who is engaged to the club's President and even crazier mom who only cares about herself. Smoke has been assigned by the club to keep me safe even though he's everything that I should be afraid of. He's the kind of man who lives by his own rules and does whatever he wants whenever he wants, but he treats me like I'm something rare and precious, not a socially dysfunctional basket case who has no idea how to love, but needs him more than her next breath. Not that my feelings matter, because if we don't find my mother soon, the only thing I'll have to be worried about is who is going to kill me first. Note- This is Part One of Two for Smoke and Swan's story. The second book, Exquisite Danger, is out now and is the conclusion of Smoke and Swan's story within the Iron Horse MC series.

Lori Foster enchanted legions of romance readers with her seductive novellas featuring the Winston brothers. Now, these tantalizing tales are available for the first time in one volume.

Sitting alone in her Dublin nursing home, Harriet Campbell reflects on a life that has become tainted by bitterness and regret. The birth of her son James, a bright boy destined for great things, brings joy and light to her life. But when he falls in love with a beautiful girl from the wrong faith, their relationship is torn apart. Written in startlingly beautiful prose, Norma MacMaster's *Silence Under a Stone* is an intimate, deeply moving story of love, faith and the pain of an irreconcilable heart.
