Using real footage of animals on the farm, Tractor Ted demonstrates that summer is a busy time on the farm. Tractor Ted meets a combine harvester and we get to see how it works cutting the wheat and filing the big tank with grain. The straw is picked up by a baler to be made into bales ready for winter. It's then off to see sheep shearing at the farm and Tractor Ted explains what is going on.

Tractor Ted Meets the Horses. Come with Tractor Ted as he visits one of the world's top racing yards, Kingsclere in Berkshire, to meet the horses. We find out what they like to eat and how they're kept in peak condition for their next race, training on the gallops and then having a shower to cool down. We see a horse galloping on a running machine and even one taking a swim in a special pool.

Join Tractor Ted as he explores life on a real farm in winter.

At the end of her bestselling memoir *Eat, Pray, Love*, Elizabeth Gilbert fell in love with Felipe - a Brazilian-born man of Australian citizenship who'd been living in Indonesia when they met. Resettling in America, the couple swore eternal fidelity to each other, but also swore to never, ever, under any circumstances get legally married. (Both survivors of difficult divorces. Enough said.) But providence intervened one day in the form of the U.S. government, who - after unexpectedly detaining Felipe at an American border crossing - gave the couple a choice: they could either get married, or Felipe would never be allowed to enter the country again. Having been effectively sentenced to wed, Gilbert tackled her fears of marriage by delving completely into this topic, trying with all her might to discover (through historical research, interviews and much personal reflection) what this stubbornly enduring old institution actually is. The result is *Committed* - a witty and intelligent contemplation of marriage that debunks myths, unthreads fears and suggests that sometimes even the most romantic of souls must trade in her amorous fantasies for the humbling responsibility of adulthood. Gilbert's memoir - destined to become a cherished handbook for any thinking person hovering on the verge of marriage - is ultimately a clear-eyed celebration of love, with all the complexity and consequence that real love, in the real world, actually entails.

An autobiographical exploration of the role and meaning of music in our world by one of India's greatest living authors, himself a vocalist and performer. Amit Chaudhuri, novelist, critic, and essayist, is also a musician, trained in the Indian classical vocal tradition but equally fluent as a guitarist and singer in the American folk music style, who has recorded his experimental compositions extensively and performed around the world. A turning point in his life took place when, as a lonely teenager living in a high-rise in Bombay, far from his family's native Calcutta, he began, contrary to all his prior inclinations, to study Indian classical music. Finding the Raga chronicles that transformation and how it has continued to affect and transform not only how Chaudhuri listens to and makes music but how he listens to and thinks about the world at large. Offering a highly personal introduction to Indian music, the book is also a meditation on the differences between Indian and Western music and art-making as well as the ways they converge in a modernism that Chaudhuri reframes not as a twentieth-century Western art movement but as a fundamental mode of aesthetic response, at once immemorial and extraterritorial. Finding the Raga combines memoir, practical and cultural criticism, and philosophical reflection with the same individuality and flair that Chaudhuri demonstrates throughout a uniquely wide-ranging, challenging, and enthralling body of work.
