“Architecture is exposed to life. If its body is sensitive enough, it can assume a quality that bears witness to the reality of past life.” Thinking Architecture, Peter Zumthor. On one hand, Peter Zumthor’s Thinking Architecture is a collection of lectures and essays, written between 1988 and 2009. On the other hand, it is a collection of spatial impressions;

About Architecture with ...

The entire argument of this book can be boiled down to this: Peter Zumthor practices an architecture of experience. This experience is articulated through material and joints--in other words, how the materials come together. Both the experience and material should be sensitive to the physical and cultural
